

## **DRIVER EDUCATION**

A program of driver education in the safe operation of motor vehicles and knowledge of rules, regulations and laws will be offered in the high schools. The program will consist of classroom training and "behind the wheel training." The board may establish fees, that do not exceed the limit established by the State Department of Education, for the "behind the wheel" portion of the program. The program will include instruction concerning alcohol and drug abuse. No student will be permitted to operate a motor vehicle without a beginner's permit or a license.

Adopted: April 11, 1995
